The Buddy System

Introducing the Buddy System

The advantages of the Buddy System are obvious: No need for gloves or pre-wrapped cones, it catches the drips, multiple uses for additional value, promotes fast sanitary service there is no contamination from money handling and it impresses today's health conscious consumer. Available in cone kits and sizes to fit almost any cone.

Pull a **Buddy** from its dispenser, lightly grabbing from the tip, and remove from the stack.

Cost Effective!

- No breakage of pre-wrapped cones.
- Promotes fast sanitary service.
- Controls napkin usage.
- Better than gloves:
 - Server avoids skin rashes and allergies
 - Eliminates money handling problems
 - Eliminates excessive glove changing

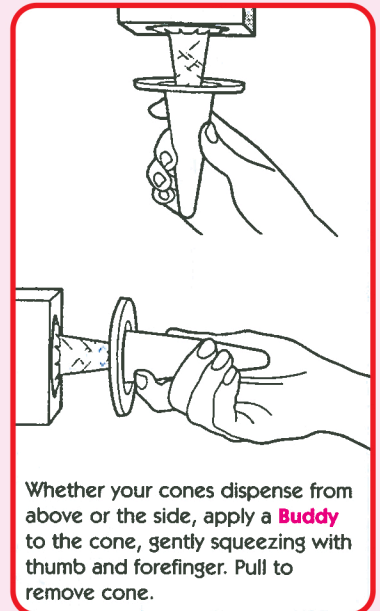

Vendor Appeal!

- Catches ice cream drips; controls the time to finish a cone without the mess.
- Preemptive versus pending changes in health code legislation.
- Customer can control and eat the cone much better than with a pre-wrapped product.
- Multiple uses for additional value: Candle holders, Candy & Caramel apples, etc.

www.dingmansdairy.com

Whether your cones dispense from above or the side, apply a **Buddy** to the cone, gently squeezing with thumb and forefinger. Pull to remove cone.

Load cone with the ice cream of the customer's choice, and serve. No need to ever touch the cone with anything but a **Buddy**!

Features and Benefits

- See-through container elevates consumer perception of taste and quality
- Product visibility offers differentiation to attract interest and increase trial occasions
- Durable design holds up in use and doesn't get "squishy"
- Resealable lid preserves product freshness for multiple uses
- Full package is widely recyclable and can be repurposed for other uses after its initial life
- Nestable containers optimize supply chain efficiencies
- Made with freezer grade resin

16 oz Plastic Ice Cream Pint

Unlock the Power of Wilson Pumps And Elevate Your Soft Serve!

Craft Unique Flavors With Real Mix-Ins

Add real fruit and mix-ins with ease thanks to the Wilson Pump's 3mm particle tolerance, allowing for more premium and creative flavors.

Effortlessly Handle High Butterfat & Control Overrun

The Wilson Pump thrives with rich, high-butterfat mixes. Easily fine-tune overrun from 30-80% for perfect texture and volume, no matter what mix you're using.

Consistent, Perfect Texture Every Time

Constant barrel pressure ensures beautiful soft serve without air pockets, tears, or other imperfections, even during high-volume production.

Run Dry Without Damage

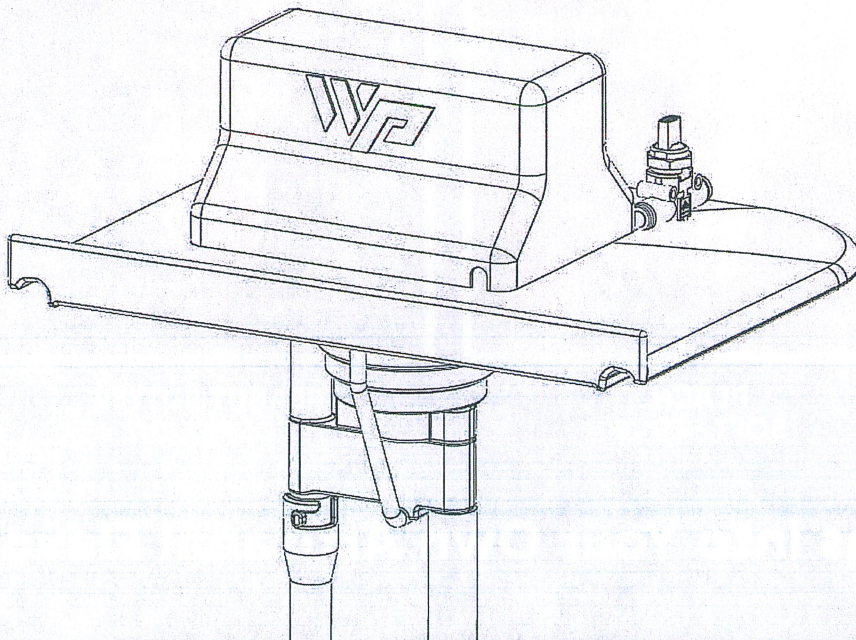

No need to worry about running out of mix. The Wilson Pump can handle dry runs without damage, keeping your business running smoothly.

Cleans Easier with Fewer Parts

Reduce cleaning time and maintenance with a simple design that makes disassembly quick and mess-free. No moving pistons, gears, or tubes to wear out.

Turn Your Machine into a Powerhouse

Whether you're upgrading your current pump or converting a compatible gravity machine, the Wilson Pump boosts performance for smoother, creamier soft serve every time.
