2026

Scara's Italian Ice ~ Established in 1995

Scara's®

NEW YORK GOURMET

ITALIAN ICE

Scara's Italian Ice was established in the 1990's in Staten Island, New York. Dingman's Dairy purchased the label in 2008 as an addition to its growing ice cream distribution business. This product won us over, with its great flavor and smooth and creamy texture. It was a great alternative to the low-fat lifestyle trend that was starting to evolve. Scara's Italian Ice is made in a nut-free facility and all the flavors are dairy free, nut free and gluten free. Since then, Scara's Italian Ice has won several awards at the IAAPA Attractions Exposition. It is well regarded in the ice cream world and sold throughout the food service industry. A profitable addition to any business.
